

Index: Record of Deaths, United Counties of Northumberland and Durham, 1870-1873 [bound volume]

Trent University Archives, 83-016/002

Note: Names are transcribed as they appear in the original. Square brackets indicate names which are partially or wholly indecipherable, or probable dates.

Page 1:

Noden, Ralph: died 24 May 1870, age 15, disease of the brain
[Benwine], [Renus]: died 8 May 1870, age 23, consumption
Brown, Benjamin: died 24 May 1870, age 15, drop on the brain
Stevenson, John: died 2 June 1870, age 75, rupture
McCracken, Rebecca: died 21 August 1870, age 44, inflammation of bowels
Chesterfield, Sarah Ann May: died 3 September 1870, age 1 month, [cause of death not given]

Page 2:

Cann, Mrs.: died 19 October 1870, age 75, enteritis
Pierce, William: died 3 November 1870, age 22, consumption
Prout, Mrs. Mark: died 4 December 1870, age 32, puerperal
Thompson, Agnes S.: died 4 April 1870, age 6 years 6 months, scarlet fever
Stanley, James: died 5 March 1870, age 70, apoplexy
Thompson, Alice: died 14 April 1870, age 3, scarlet fever

Page 3:

Shewman, Margaret Duffy, wife of Daniel Fraser: died 17 April 1870, age 29, apoplexy
Smith, [Abijah]: died 19 January 1870, age 82, general infirmity
Alexander, Eliza: died 9 February 1870, age 31, inflammation of womb
Robertson, William: died 25 January 1870, age 69, [cause of death illegible]
Tayler, Samuel: died 25 January 1870, age 72, inflammation of kidneys
Montgomery, Mary: died 7 February 1870, age 20, puerperal fever

Page 4:

Laurence, Martha Ann: died 22 February 1870, age 24, puerperal fever
Hyland, William: died 1 March 1870, age 30, com. fracture of leg
Pan, Samuel: died 6 March 1870, age 54, rupture of bladder
Atkinson, Letetia: died 4 May 1870, age 39, acute rheumatism
Shortridge, Mary Ann: died 18 May 1870, age 36, bilious rheumatism
Trick, Wm. James: died 14 May 1870, age 7 months, fever

Page 5:

Vance, Wm.: died 18 May 1870, age 55, paralysis
Deacon, Catherine: died 26 July 1870, age 78, old age
Graham, James: died 11 August 1870, age 73, dropsy
Jobb, Ellen: died 3 October 1870, age 10 weeks, dysentery

Marlow, Sophia: died 6 October 1870, age 54, paralysis
Hooey, David: died 7 November 1870, age 64, accidental fracture of skull

Page 6:

Whitfield, Susanna: died 10 November 1870, age 87, old age
Coulter, David: died 16 December 1870, age 72, pneumonia
Cowan, James: died 15 November 1870, age 62, bilious fever
Dennison, Mary Ann: died 26 December 1870, age 62, pneumonia
Fowler, Arthur: died 18 February 1870, age 2 1/2 years, scarletina
Fowler, Margaret Eliza: died 26 February 1870, age 4 1/2 years, scarletina

Page 7:

Perry, (no first name given - male): died 26 March 1870, age 7 months, scarlet fever
Perry, Norman: died 4 April 1870, age 2 years 2 months, scarlet fever
Howard, Jerusha (wife of Abel Cummings): died 6 January 1870, age 70, congestion of the brain
McCracken, Elizabeth Adeline: died 13 March 1870, age 13, disease of the heart
Spencer, William Stephen: died 30 August 1870, age 50 years & 10 days, brain fever
Gilbert, James: died 25 July 1870, age 8 years 5 months, scarlet fever

Page 8:

Miller, Rachael B.: died 31 March 1870, age 11 years & 7 months, scarlet fever
Cumming, Cuthbert: died 5 April 1870, age 83, paralysis
Wallace, Robert: died 19 February 1870, age 50, excessive drinking, died very suddenly
Graham, Mark: died 12 March 1870, age 56, congestion of the lungs (found dead)
Greer, Hannah: died 4 June 1870, age 21, consumption
Fallis, Margaret: died 28 October 1870, age 28, child birth

Page 9:

Crummer, [first name illegible - female]: died 29 April 1870, age 43, alcoholism
Douglas, James: died 30 April 1870, age 78, dropsy
[Thorne], James: died 13 January 1870, age 31, asthma
Williams, George: died 16 December 1870, age 32, pneumonia
Mulligan, Joshua: died 25 November 1870, age 72, gastritis
Kelly, William: died 9 January [1870], age 57, erysipelas

Page 10:

Livingston, Sarah: died 16 January [1870], age 83, old age
McChesney, Margaret: died 5 March 1870, age 65, cancer
[Causcadan], Robert Arthur: died 27 February 1870, age six months, disease of lungs
[Causcadan], Robert: died 13 March 1870, age 35, consumption
Halliday, Elizabeth: died 6 March 1870, age 29, pneumonia
Walker, Margaret: died 28 February 1870, age 11, bronchitis

Page 11:

Wyllie, George: died 8 August 1870, age 77, old age
[Palmer], Elizabeth: died 17 July 1870, age 67, cancer

Awde, Alfred William: died 7 September 1870, age 2 weeks, [canker]
Thompson, Mary Jane: died 3 November 1870, age 20, consumption
Bradley, James: died 4 September 1870, age 57, sudden death
Reid, Robert: died 23 November 1870, age 81, old age

Page 12:

Greenwood, Mary Ann: died 19 November 1870, age 23, consumption
Wylie, Elizabeth: died 31 October 1870, age 75, old age
Burnett, Elizabeth: died 1 March 1870, age 61, congestion of brain
Herron, Martha Jane: died 14 March 1870, age 20 1/2, inflammation of the brain
Irwin, Samuel: died 24 February 1870, age 50, consumption
James, Edward: died 15 April 1870, age 9 days, cyanosis

Page 13:

[Winans], Stuart Wells: died 25 April 1870, age 18, typhoid fever
Stock, Zecheriah: died 8 July 1870, age 73, disease of kidneys
Waddell, Archibald: died 28 July 1870, age 58, paralytic stroke accompanied with fever
Wright, Marshall: died 20 October 1870, age 4 weeks & 6 days, disease of brain
Perry, [Minvera] (wife of Hon. E. Perry): died 8 December 1870, age 64, disease of the heart
Moore, Charles: died 19 February 1870, age 40, pneumonia

Page 14:

McLary, Catharine: died 10 April 1870, age 22, gastric fever
Bellamy, Catherine: died 11 April 1870, age 1 day, spasm
Pennock, Catherine: died 8 August 1870, age 70, diarrhea
Robson, George: died 12 December 1870, age 32, consumption
Gould, Seth [-]: 7 September 1870, age 11 months 23 days, diarrhea
Dorland, Arthur Wellesly: died 23 October 1870, age 25, diphtheria

Page 15:

Allin, Richard: died 9 July 1870, age 72, bronchitis
Rogers, Mary: died 4 December 1870, age 24, inflammation of the lungs
Bradley, Charlotte: died 14 March 1870, age 33, pleuro pneumonia
Keeler, Ulrick: died 31 March 1870, age 11 months, otorrhea
Wait [no first name given - female]: died May 12 [1870], [age not given], dropsy
[last name illegible], Eliza: died 13 May 1870, age 25, phthisis

Page 16:

Patterson, George: died 12 July 1870, age 29, accidentally killed
Robinson, Willie: died 25 June 1870, age 4, dysentery
Eddy, Lucy: died 22 March 1870, age 8 months, bronchitis
Dowling, Frank Arthur: 21 July 1870, age 10 months, dysentery succeeding 2 weeks bronchitis
McMann, Ellie: 5 September 1870, age 24, abscess of kidney
Perry, [no first name given - male]: 23 August 1870, age 4 months, diarrhea

Page 17:

Dowling, Margaret: died 20 August 1870, [age not given], chronic diarrhea succeeding dysentery
Best, James Albert: died 4 January 1870, age 6 months, violent cold
[McCarly], Elizabeth: died 22 January 1870, age 93, dropsy
Haw, Hiram: died 14 April 1870, age 1 year 7 months, [cause of death not given]
Robinson, Susan: died 18 January 1870, age 47, childbirth
Blue, John: died 20 November 1870, age 28, accidental fall from [stair]

Page 18:

Kennedy, Margaret: died May 6 1870, age 21, pneumonia
Johnson, Justin: died 23 May 1870, age 92, old age
Billings, Mary: died 4 March 1870, age 4, consumption
Little, Wm.: died 18 July 1870, age 53, erysipelas
Jackson, Jane: died 17 July 1870, age 79, diarrhea
Corbett, John: died 7 July 1870, age 28, consumption

Page 19:

Clysdall, Wm.: died 18 July [1870], age about 70, (insolatus) sun stroke
Curtis, Mary Ann: died 31 July 1870, age 25, consumption
White, Martha: died 9 December 1870, age 83, [cause of death not given]
Powell, Elizabeth: died 9 October 1870, age 25, typhoid fever
Boyle, Mrs. Thomas: died 11 February 1870, age 60, aneurysm abdominal aorta
Crawford, Isabella Eliza: died 28 November 1869, age 52, cancer

Page 20:

Cochrane, Mary Jane: died 12 November 1869, age 29, bronchitis
Beer, Ema: died 14 January 1870, age 1, scarlet fever
France, Flora: died 26 February 1870, age 45, local hemorrhage
Gallagher, Thomas: died 26 February 1870, age 45, traumatic tetanus caused by fracture of leg
Campbell, Ada Laura: died 18 March 1870, age 11 months, broncho pneumonia
Peat, James: died 13 July 1870, (age not given - profession blacksmith), scarlet fever

Page 21:

Lill, David: died 9 August 1870, age 1 year 4 months, (cause of death not given)
Newton, Margaret (no other information)
Gifford, (no first name given): died 16 August 1870, age infant, still born
Close, (no first name given): died 14 September [1870], age infant, (cause of death listed as "one day")
Leut, James: died 6 August 1870, age 70, cancer in the stomach
Harris, Mary Jane: died 27 September 1870, age 28, inflammation of the lungs

Page 22:

Tapscott, Harvey Albert: died 14 August [1870], age 2 months 19 days, bowel complaint
Newton, William James: died 4 December 1870, age 2 years 2 months, croup
Monday, David: died 11 October 1870, age 1, dysentery
Davey, Richard: died 24 November [1870], age 70, softening of the brain - confused

Jones, George W.: died 20 April 1870, age 19, bleeding of the lungs
Weaver, Manson B.: died 9 June 1870, age 39, consumption

Page 23:

Scott, Allister: died 1 June 1870, age 19, drowned
Tice, Electa Ann: died 12 July 1870, age 18, apoplexy
Crowe, George: died 9 August 1870, age 7, fever
Yerex, Arthur: died 17 July 1870, age 79, weakness and infirmity
McColl, John B.: died 21 November 1870, age 87, disease of the heart
Preston, Warren: died 6 December 1870, age 19, typhoid fever

Page 24:

Preston, Potter: died 14 December 1870, age 40, typhoid fever
Wessels, Deborah E.: died 1 November 1870, age 19, typhoid fever
Wessels, John Owen: died 10 November 1870, age 21, typhoid fever
Austin, Caleb: died 3 November 1870, age 22, typhoid fever
Austin, Albert: died 5 December 1870, age 14, typhoid fever
Vance, James: died 10 November 1869, age 67, consumption

Page 25:

Bell, Mary Jane: died 25 February 1870, age 28, epileptic convulsions puerperal
Reynolds, Asa: died 13 February 1870, age 77, pneumonia
Sutton, Sarah: died 15 February 1870, age 38, (cause of death not given)
Staples, Eliza Jane: died 17 May 1870, age 23, inflammation after childbirth
Flack, Albert Wilberforce: died 19 May 1870, age 1 month 29 days, never healthy
Byers, James: died 26 January 1870, age 53, chronic hepatitis

Page 26:

Kellett, Henry: died 6 June 1870, age 21, drowned while bathing
Staples, Susan: died 8 June 1870, age 42, (cause of death not given)
Fallis, Son of Thomas: died 20 July 1870, age "a few minutes", premature birth
Bradley, William: died 30 November 1869, age 64, pneumonia & [] []
Woods, Mary: died 11 July 1870, age 85, old age - confined to her bed with weakness
Lough, Richard: died 18 August [1870], age 10 months, diarrhea

Page 27:

Craig, Elizabeth: died 30 November 1869, age 37, puerperal peritonitis
Sisson, Margaret: died 6 January 1870, age 46, scrofulous tumour of the neck with pneumonia
Richardson, [] Henrietta, died 27 February 1870, age 2, scalded
Vance, William Henry: died 20 May 1870, age 18, consumption
Porter, Joseph: died 18 [or 10] July 1870, age 87, old age
Nicholson, Susannah: died 28 September 1870, age 64, chronic hepatitis [pt] gastric ulceration

Page 28:

Sheckelton, John: died 9 August 1870, age 56, consumption
Byers, Lydia: died 15 September 1870, age 82, old age

Kincade, William: died 23 September 1870, age 50, dysentery
Byers, William: died 4 November 1870, age 62, dysentery & general debility
Magill, Elizabeth: died 8 September 1870, age 26, puerperal fever
Irvine, Margaret: died 17 October 1870, age 79, dysentery

Page 29:

McClung, William Arthur: died 7 June 1870, age 2 months, cholera [infantine]
Dodd, John: died 27 July 1870, age 29, gastric fever
Gregory, Alfred Aaron: died 30 June 1870, age 5 months, aphthae
Chambers, John: died 28 August 1870, age 7 months, infantile [] fever
Spencer, John: died 8 December 1870, age 24 days, inflammation
Lovekin, Ellen Rowley Finley: died 25 November 1870, age 32, childbed fever

Page 30:

Lovekin, Richard Henry: died 25 November 1870, age 10 days, (cause of death not given)
Millar, Mary Celia: died 26 October 1870, age 30, phthisis of several months standing
Fothergill, William H.: died 28 December 1870, age 34, pneumonia with pericarditis []
[Abercromlie], Susanna Maria: died 31 January [1870], age 39, cerebro spinal []
Sparrow, Sophia: died 17 February [1870], age 55, acute bronchitis
O'Neill, Mary: died 20 February [1870], age 76, [] apoplexy

Page 31:

Nixon, Harriett: died 5 April 1870, age 2 days, cause of death "natural"
Striker, Jane: died 24 March 1870, age 31, crural phlebitis metastasis to stomach heart & lungs
Smith, Wm. Henry: died 11 September 1870, age 2 days, debility from birth
Hunt, Annie Matilda Lucy: died 20 October 1870, age 13 months, diarrhea
O'Brien, Thomas: 18 September 1870, age 12 months 16 days, consumption in the bowels
O'Brien, Ellen: 18 July 1870, age 23, consumption

Page 32:

Wakely, Frederick: died 11 August 1870, age 28 days, inflammation
Dodd, John: died 27 July 1870, age 28, inflammatory rheumatism
Hewson, Charles: died 21 August 1870, age 7 weeks 5 days, natural cause
Marshall, John: died 16 August 1870, age 48, enlargement of the liver
Knight, Sarah: died 1870 (no month or day given), age 48, consumption
McCreery, Ellen: died 19 February 1870, age 28, diphtheria

Page 33:

Mackie, William Alexander: died 26 August 1870, age 9 months, diarrhea
Johnston, Margaret: died 23 July 1870, age 4 months, diarrhea
Douglas, Mary E.: died 5 July 1870, age 25, consumption
Curtis, Anna: died 26 January 1870, age 97, old age
D[], Margaret: died 5 July 1870, age 8, scarlet fever
Clark, Jessie: died 5 August 1870, age 59, chronic []

Page 34:

Hurlbut, Anna Sophia: died 20 August 1870, age 3 months, diarrhea
Simmons, Robert: died 3 March 1870, age 3, meningeal inflammation
Angus, Janet: died 24 March 1870, age 72, inflammation of lungs
Cock, John: died 24 March 1870, age 53, dyspepsia
Fraser, John: died 31 January [1870], age 58, heart disease
[Dimon], John: died 25 March [1870], age 64, consumption

Page 35:

Flynn, Louise: died 1 August [1870], age 1 year 9 months, (no cause of death given)
Baxter, Thomas: died 7 February 1870, age 75, natural decay
Dawson, Robert: died 9 May 1870, age 23, disease of the kidney
Wright, Elizabeth Ann: died 7 July 1870, age 68, dysentery []
Wood, Harriet: died 9 September 1870, age 2, infantine cholera
Castle, Elizabeth Peacock: died 27 December 1870, age 5 months, infantine cholera

Page 36:

Harvie, Robert: died 31 January 1871, age 3 months, disease of spine
Fraser, Thomas: died 17 February 1871, age 64, phthisic pulmonalic
Taylor, Lilly ETTY Deborah: died 9 April 1871, age 11 months, cause of death "not known"
Dawe, B[] - (male): died 3 April 1871, age 4, scarletina
High, Susan Vic. Webb: died 15 April 1871, age 5, typhoid fever
High, Caroline Webb: died 10 August 1871, age 14 months, summer complaint

Page 37:

Wear [or Weir], Sarah Jane: died 20 Nov. 1871, age 16, confinement
[Liscum], Wm. G.: died 14 April 1871, age 2 years 8 months, scarletina
Weir, James: died 31 August 1871, age 35, cancer
Forster, Elisabeth A.: died 5 August 1871, age 22 years 11 months, consumption
Forster, Leviney: died 15 November 1871, age 73, old age
Morrow, Robert: died 23 October 1871, age 41, consumption

Page 38:

Blazier, Honor: died 6 December 1871, age 52, asthma
Lapp, Samuel: died 8 December 1871, age 82 years 2 months 2 days, old age
Smoke, James: died 21 November 1871, age 25, phthisic pulmonalic
Gray, Lewis: died 7 December 1871, age 26, phthisic pulmonalic
Parks, Sylvester: died 26 October 1871, age 33, heart disease
Smith, Edward H.: died 24 January 1871, age 26, typhoid fever

Page 39:

Stickles, Jane: died 11 March 1871, age 50, typhoid pneumonia
Lake, Margaret: died 13 March 1871, age 85, old age
Vauslycke, Susan E.: died 17 May 1871, age 23, confinement
Vauslycke, Charles A.: died 24 June 1871, age 7 weeks 2 days, [inward] fits

Skinner, James: died 3 September 1871, age 68, heart disease
[], Abel: died 4 July 1871, age 81, cancer

Page 40:

Thorne, Emma L.: died 11 August 1871, age 24, inflammation of the bowels
McLochlin, [] - (female): died 1 October 1871, age 3, summer complaint
Davidson, Elisabeth A.: died 13 June 1871, age 60, consumption
Johnston, Dorothy A.: died 31 May 1871, age 31, confinement
Langdon, Sarah: died 27 June 1871, age 49, consumption
Brittain, Esther: died 11 January 1871, age 29, confinement

Page 41:

Porter, infant child of Wm.: died 5 February 1871, age 11 weeks, marasmus
Reckie, Margaret W.S.: died 1 March 1871, age 42, fever
Stephens, Emma: died 2 February 1871, age 26, consumption
Reckie, Margaret W.S.: died 1 March 1871, (no age given), bilious fever [see previous entry 2 lines up]
Porter, Harold S.: died 5 February 1871, age 10 weeks, inflammation of lungs
Simpson, Elisabeth: died 9 February 1871, age 67, inflammation

Page 42:

Ellicott, James: died 30 March 1871, age 87, old age
Boyce, James: died 2 April 1871, age 51, inflammation of lungs
Bradshaw, James: died 21 April 1871, age 81, apoplexy
Bates, Elisabeth: died 25 April 1871, age 79, inflammation of lungs
Ward, William James: died 25 April 1871, age 1, water on brain
Loscombe, Eliza A.: died 18 May 1871, age 36, child birth

Page 43:

McLellan, Mary: died 3 June 1871, age 24, child birth
Goodman, Richard []: died 26 June 1871, age 62, consumption
Munson, Edward: died 5 July 1871, age 1, decline
Marten, Richard: died 10 July 1871, age 40, bronchitis
McDonald, Wm. John: died 31 July 1871, age 18 months, dysentery
Hughes, Wellington: died 24 August 1871, age 8, drowned

Page 44:

McClellan, Wm. M.: died 17 July 1871, age 6 months, (cause of death not given)
Cole, Birdie: died 6 August 1871, age 9 months, brain fever
Evans, (no first name given- male): died 12 September 1871, age 3 days (cause of death not given)
Jeffrey, Henry J.T.: died 28 September 1871, age 2 weeks, (cause of death not given)
[Coffen], Mary L.: died 12 October 1871, age 12, consumption
Evans, Willie Mason: died 14 October 1871, age 5 weeks, thrush

Page 45:

Jeffrey, Emma: died 27 October 1871, age 26, inflammation of lungs
Hutchison, Ada: died 9 November 1871, (age not given), child bed
Foley, William: died 21 November 1871, age 78, old age
Downey, David: died 32 November 1871, age 100, old age
Mann, Louisa: died 26 November 1871, age 23, puerperal fever
Good, Frederick: died 15 December 1871, age 53, consumption

Page 46:

Sleep, Richard: died 21 December 1871, age 74, (cause of death not given)
Shaw, [Annie]: died 25 December 1871, age 20, consumption
Moon, Joseph: died 17 December 1871, age 42, cancer of the liver
Suttle, Joshua: died 15 February 1871, age 74, pneumonia
White, Thomas: died 4 March 1871, age 68, gastritis
Demara, Elisabeth: died 3 May 1871, age 32, labourer

Page 47:

Mahood, James: died 1 July 1871, age 47, cirrhosis
McCoy, Mary: died 3 August 1871, age 78, old age
Coulter, Margaret: died 20 August 1871, age 39, consumption
Manning, George: died 21 November 1871, age 63, fever
Hadley, Joseph Ed[]: died 18 March 1871, age 6 weeks 2 days, scrofula
[Strong], William G.: died 28 September 1870, age 52, convulsions

Page 48:

Hicks, Jacob: died 23 November 1870, age 69 years 8 months, dropsy
O'Flynn, Maud Elisabeth: died 20 August 1871, age 6 months 12 days, dysentery
Canall, George: died 28 October 1871, age 66 years 6 months, dropsy
Dowaghy, Jerome Roswell: died 30 March 1871, age 15, fever
Kersip, Persy: died 7 March 1871, age 1 year 10 months, croup
McIntyre, Alexander: died 8 April 1871, age 25, consumption

Page 49:

Brown, George Richardson: died 28 May 1871, age 13, water in the brain
Rowe, Jane: died 23 May 1871, age 32, fever after child birth
Temple, Annie Maude: died 16 July 1871, age 13 months, congestion of brain
Minaker, William Francis: died 10 September 1871, age 1 year 4 months, water on the brain
Rowe, George: died 4 September 1871, age 70, chronic inflammation of the lungs
Minaker, Margaret Ann: died 16 November 1871, age 12 years 2 months, hip disease

Page 50:

Robinson, Joseph: died 20 December 1871, age 52, killed at G.T.R. station
Gott, Robert: died 17 February 1871, age 25, consumption
Elgar, Hiram: died 16 March 1871, age 4, general debility from birth
Veals, William Gillard: died 16 April 1871, age 36, consumption

Walsh, Silas H: died 1 June 1871, age 25, opium (morphia) poisoning
Kennedy, Elsie: died 24 June 1871, age 42, ulceration of stomach

Page 51:

Shield, Joseph: died 13 July 1871, age 73, inflammation of lungs
Hard, Frederic: died 17 August 1871, age 4, cause of death "unknown"
Hutchinson, Anna: died 23 October 1871, age 38, perforation of vermiform appendix
supervening upon obstinate vomiting and tympanitic abdomen (post-mortem)
Fee, Hannah: died 8 December 1871, age 69, bilious fever acute illness
Flynt, James: died 26 February 1871, age 70, inflammation of bladder
[Walker], George: died 24 January 1871, age 66 years 17 days, consumption

Page 52:

Marsh, William Frederic: died 13 June 1870, age 1 year 3 months 20 days, diarrhea
Dingman, Samuel: died 23 January 1871, age about 71 years, heart disease
Scripture, Jane Ann: died 29 August 1870, age 39 years 11 months 18 days, diarrhea
Morgan, William Joseph: died 2 March 1871, age 8 months 26 days, inflammation of lungs
Lebell, Susan Jane: died 8 March 1871, age 15 years 1 month 8 days, inflammation
Males, Mary Elizabeth: died 29 March 1871, age 28, perpetual fever

Page 53:

Duncan, Catherine: died 26 March 1871, age 26, perpetual fever
Lebell, Prosper Allen: died 22 November 1871, age 1 year one month, brain fever
Quackinbrush, Andrew: died 20 November 1871, age 75, dropsy
Smith, Elisey: died 27 December 1870, age 24, confinement
Smith, Nicholas: died 6 November [1870], age 68, accident
Cannary, Mary: died 27 December 1870, age 32, confinement

Page 54:

McAuley, Wm.: died 16 January 1871, age 59, inflammation
Thornton, George James: died 3 October 1870, age 39, consumption
McCollaugh, John Leslie: died 16 September 1870, age 7 months, cholera infantine
Pearse, Delilah: died 22 July 1870, age 2, cholera infantine
Oyden, Agnes: died 25 August 1870, age 2 months, dysentery
Farron, Benjamin: died 21 January 1871, age 25, fracture of skull & compression of brain

Page 55:

Potts, Louisa: died 31 December 1870, age 23, consumption
Bawks, Elizabeth: died 31 January 1870, age 61, dropsy
Couch, Mary: died 10 January 1871, age 73, old age
Simpson, Margaret Victoria: died 27 February 1871, age 11 months 17 days, bronchitis
Simpson, Ida Gertrude: died 2 March 1871, age 5 months 17 days, inflammation
La Marche, Frederic: died 2 January 1871, age 23, accident

Page 56:

Fyreman, Elizabeth: died 16 March 1871, age 83, old age

Turner, Roger: died 8 March 1871, age 65, accident in mill
Rowland, James: died 6 February 1871, age 65, apoplexy
Gramsby, Clinton Lyman: died 9 March 1871, age 1 year 9 days, inflammation
Scott, Clarisa: died 20 May 1871, age 68, paralytic stroke
[Ramsey], Mary Ann: died 24 May 1871, (age not given), suicide hanging

Page 57:

Elder, James: died 30 June 1871, age 30, accident by falling under car [of train]
Mercer, Emily Mary: died 7 September 1871, age 7 months, cholera morbus
Cowan, James: died 30 May 1871, age 21, consumption
Cowan, Martha: died 18 August 1871, age 20, consumption
Chapman, Fletcher: died 16 September 1871, age 30, liver complaint
Reid, Jane: died 18 October 1871, age 81, old age

Page 58:

Maxwell, Jane: died 18 July 1871, age 40 years 6 months, child birth
Vincent, Lizzie: died 17 September 1871, age 11 days, convulsions
Cunningham, John: died 18 October 1871, age 54, heart disease
Robinson, John: died 13 October 1871, (age not given), apoplexy suddenly
Kemeys [or Kerneys]: died 6 January 1871, age 71, old age
Hoidge, Annie: died 20 March 1871, age 22, consumption

Page 59:

Bragg, Eliza: died 5 June 1871, age 27, bilious fever
Beith, Robert: died 11 June 1871, age 62, hemorrhage of the lungs
Riggs, John Alex'r: died 20 June 1871, age 13 months, teething
Farrell, Edward: died 20 July 1871, age 88, old age
Bragg, John: died 20 August 1871, age 75, general debility
[Gand], William Henry: died 23 August 1871, age 72, consumption

Page 60:

Pollard, Ann: died 24 August 1871, age 79, (cause of death not given)
Jacobs, Lyman: died 3 September 1871, age 52, apoplexy death sudden
Bowden, Arthur Henry: died 5 September 1871, age 4 months, cholera infantine
Lorriman, Mary: died 21 September 1871, age 38, child bed
Jones, Thomas [Dary]: died 26 October 1871, age 23, (cause of death not given)
Jeffrey, John: died 23 November 1871, age 83, old age

Page 61:

Tuer, Lillie E.J.: died 1 December 1871, age 4 years 8 months, croup
Webster, Louisa: died 8 December 1871, age 54, gangrene
Carr, Thomas: died 5 December 1870, age 66, gastritis
Rowden, Ann: died 25 February 1871, age 41, erysipelas
Andrews, Thomas: died 12 March 1871, age 68, old age or debility
Choate, Henry Nathan: died 9 March 1871, age 16 months, inflammation of the lungs

Page 62:

Burhart, Eliza Clara Jane: died 28 April 1871, age 6 weeks, (cause of death not given)
Decher, (first name not given - female): died 4 March 1871, age 4 years, consumption
McCarthy, Mrs. John: died 16 May 1871, age 40, hemorrhage after confinement
Horner, Wm.: died 30 May 1871, age 78, dropsy
Cann, Mrs. Henry: died 1 June 1871, age 28, consumption
Wade, Thomas S.: died 26 February 1871, age 38, congestion of brain

Page 63:

Corbett, James: died 1 February 1871, age 87, old age
Peacock, Ella Mary: died 4 June 1871, age 8 1/2 months, (cause of death not given)
(name not given): died 19 August 1871, age 2 days, (cause of death not given)
Morrison, Elizabeth: died 23 September 1871, age 22, phlegmasia dolens
Seaton, Margeret: died 3 October 1871, age 6, diphtheria
Seaton, Mary Ann: died 2 November 1871, age 4, diphtheria

Page 64:

Cunningham, Robert James: died 10 October 1871, age 2 months, infantile debility
Murray, Mrs. John: died 13 November 1871, age 68, congestion of the lungs
McMullen, Archibald: died 20 November 1871, age 15, typhoid fever
McLean, James: died 26 September 1871, age 12, diphtheria
Vint, John: died 9 December 1871, age 75, old age
McGregor, John Johnston: died 31 December 1870, age 7 months, scarlet fever

Page 65:

Spence, George: died 26 December 1870, age 51, broken constitution
Vout, Benjamin: died 18 March 1871, age 10 months, scarlet fever
Cameron, John Ronald: died 20 February 1871, age 62, atrophy of liver
Boyd, Mary: died 15 February 1871, age 18, heart disease
Peterkin, Rose Ann: died 20 March 1871, age 20, consumption
Hall, John: died 4 October 1871, age 36, killed by bank of earth falling on him

Page 66:

Scarlett, John: died 10 December 1871, age 67, spinal disease
McKenzie, John: died 2 May 1871, age 45, heart disease
Fisher, Minerva Ann: died 9 June 1871, age 40, accouchement perpetual fever
Peterkin, William: died 5 July 1871, age 85, old age
Leslie, William: died 14 July 1871, age 70, old age
Fletcher, Flora: died 31 October 1871, age 12, inflammation of the lungs

Page 67:

Boyd, Robert: died 12 November 1871, age 83, old age
Johnston, Robert: died (day not given) December 1871, age 26, epilepsy & heart disease
Jones, Jane Charlotte: died 6 December 1871, age 65, pleurisy
Cohen, (first name not given): died 6 February 1871, age 13 months, bronchitis

Peters, Elijah: died 20 April 1871, age 5, congestion of the lungs & kidneys after scarlet fever
McCann, Archibald: died 6 September 1871, age 4, meningitis

Page 68:

Hague, David: died (day not given) August 1871, age 45, cirrhosis of liver hypertrophy of heart

O'Reilly, William Bernard: died 18 August 1871, age 3, dysentery

McBride, Jane: (death date not given, registered January 12, 1872), age 67, immediate inanition
remote psoriasis rheumatic gout

Carruthers, Eliza: died 14 August 1869, age 26, immediate delirium ferox remote typhoid fever

Greely, James: died 25 August 1869, age 4 months, remote cholera infantine immediate [endemia]

Turney, George: died 30 August 1869, age 2, dysentery

Page 69:

[]land, Sarah: died 28 August 1869, age 70, remote diarrhea

Miller, George: died 21 October 1869, age 12, immediate obscure aff. of stomach remote diabetes

Bradley, Charlotte: died 14 March 1870, age 33, immediate effusion [pleuritic] remote pleuro pneumonia

Keeler, Ulric: died 31 March 1870, age 11 months, immediate meningitis remote otorrhea

Henderson, James: died 14 January 1871, age 26, erysipelas

Gibson, John: died 30 January 1871, age 55, consumption

Page 70:

Henderson, Robert: died 19 February 1871, age 53, frozen

[Si'dey], David: died 4 March 1871, age 88, erysipelas

Morrison, David Alex'r: died 13 March 1871, age 1 year 8 months, inflammation of the lungs

Trew, Jane: died 23 March 1871, age 1 year 7 months, teething

Jamieson, Emma: died 28 April 1871, age 2 weeks, infancy

Raftry, Mary: died (no day given) March 1871, age 71, inflammation

Page 71:

Trew, Stewart: died (no day given) March [1871], age 52, consumption

Jamieson, Margaret: died 16 April 1871, age 35, childbirth

Green, Thomas Walter: died 16 December 1870, age 14, epileptic fits

Shannon, Susan: died 5 April 1871, age 40, heart disease

Rosevear, Mathew: died 9 June 1871, age 79, worn out general debility

Rosevear, Sarah: died 16 June 1871, age 39, child birth

Page 72:

Fisher, Mary Jane: died 25 July 1871, age 47, consumption

Lill, (no first name given): died 21 July 1871, age 38, (cause of death not given)

Jibb, Margaret Ann: died 21 October 1871, age 20, consumption

Isaac, Halbert: died 12 October 1871, age 18, small pox

Isaac, Mary Ann: died 25 October 1871, age 22, small pox

Lint, Louis Lewalleyn: died 19 September 1871, age 1 year 3 months, [guteritis]

Page 73:

Morrison, Elizabeth E.: died 26 August 1871, age 29, hemorrhage
Morrison, James: died 3 September 1871, age 3 weeks 5 days, diarrhea
Arnold, Martha Ann: died 3 August 1871, (age not given), small pox
Powers, James: died 24 July 1870, age 28, bleeding at the lungs
Rankin, Arthur W.: died 10 September 1870, age 4 months, (cause of death: "none")
Lovett, Bird: died 10 January 1871, age 4, fever and water on the brain

Page 74:

McDonald, Elizabeth J.: died 29 October 1870, age 25, (cause of death: "none")
Richards, Mary Ann: died 4 December 1870, age 13 years 6 months, typhoid fever
Austin, Marshall: died 4 December 1870, age 17, typhoid fever
[Hocy], Gilbert: died 15 September 1870, age 67, inflammatory rheumatism
Scott, Reuben W.: died 10 January 1871, age 23, congestion of the brain
Demorest, Martha J.: died 15 September 1870, age 10, dropsy

Page 75:

Locklend, Jemima: died 2 February 1871, age 40, typhoid fever
Austin, Catherine: died 10 March 1871, age 1 month, croup
Stoneburgh, Peter: died 27 April 1871, age 78, inflammatory rheumatism
McCall, Bertha A.: died 21 January 1871, age 7, scarlet fever
Hendricks, Hiram: died 2 April 1871, age 63, heart disease
Ireland, Mary Ann: died 28 June 1871, age 32, abscess of the liver

Page 76:

Hout, Minie Osten: died 21 January 1871, age 5, scarlet fever
McPhail, Hannah: died 22 May 1871, age 30, consumption
Powers, Gertrude: died 25 July 1871, age 19, quick consumption
Helmor, Jacob: died 13 April 1871, age 48, typhoid fever
McCall, Catherine: died 3 June 1871, age 4, diarrhea
O'Hara, James: died 16 July 1871, age 19, inflammation

Page 77:

Hasly, George H.: died 18 May 1871, age 1 month, (cause of death not given)
Yerex, Mary: died 17 September 1871, age 77 years 6 months 17 days, dropsy
Richards, Hannah: died 9 November 1871, age 69, heart disease
Jarvison, Catherine: died 14 September 1871, age 18, consumption
McCall, Daniel R.: died 11 August 1871, age 3 years 6 months, inflammation of bowels
Bell, Jos. Ferguson: died 16 August 1870, age 6 months, (cause of death not given)

Page 78:

Graham, Susannah: died 3 January 1871, age 9, heart disease
Armstrong, William: died 26 November 1870, age 82, old age
Jackson, Mary: died 15 December 1870, age 77, (cause of death not given)
Stinson, Elizabeth: died 3 October 1870, age 13, diarrhea
Irvine, (first name not given - female): died 19 December 1870, age 12 days, inflammation of

lungs

Argue, George: died 8 November 1870, age 70, (cause of death not given)

Page 79:

Ward, Mary: died 9 March 1871, age 1 month 6 days, cold

Patton, George Stevenson: died 8 March 1871, age 4, (cause of death not given)

Johnston, Elizabeth: died 23 October 1870, age 45, consumption

Hall, Emma Jane: died 24 March 1871, age 3 years 7 months, bronchitis & hepatitis

McCullough, (first name not given - male): died 11 March 1871, age 12 days, bronchitis

Cain, Martha Emma: died 29 April 1871, age 23, (cause of death not given)

Page 80:

Graham, Thomas: died 19 April 1871, age 53, (cause of death not given)

Byers, William John: died 29 March 1871, age 12, (cause of death not given)

Lough, Richard: died 20 August 1870, age 10 months, diarrhea

Morrow, Isabella: died 3 March 1871, age 95, decay of nature

Morrow, Alfred: died 31 August 1870, age 3 months, inflammation

Hall, Archibald: died 12 May 1870, age 19, decline

Page 81:

Johnston, Robert: died 17 March 1871, age 84, old age

Fell, Jacobina: died 4 April 1871, age 22, (cause of death not given)

Mulligan, Henry: died 26 September 1870, age 3, diarrhea

Mulligan, William Ed.: died 20 September 1870, age 8 months, diarrhea

McKennett, Geo.: died 28 February 1871, age 85, old age

Staples, Thomas: died 4 May 1871, age 94, decline of nature

Page 82:

Hart, Esther Ella: died 21 July 1871, age 1, inflammation of bowels

Moffatt, Ann: died 22 April 1871, age 95, decline of nature

Forsythe, Sarah Ann: died 5 October 1871, age 1 month, inflammation of bowels

Peel, William: died 31 July 1871, age 66, rheumatism

Howe, Jane: died 26 July 1871, age 65, heart disease

Sisson, Richard: died 3 June 1871, age 10, (cause of death not given)

Page 83:

Spencer, Richard: died 9 December 1870, age 3 weeks, bilious remittent fever since birth

Craig, Thomas: died 26 January 1871, age 26, inflammation of kidneys

Martin, Hannah Louisa: died 10 February 1871, age 35, necrosis of frontal bone [] to inflammation of brain

Rutter, Sarah Jane: died 22 February 1871, age 30, general debility

McNaughton, Agnes: died 14 May 1871, age 19, phthisis

McNaughton, Andrew: died 24 May 1871, age 14 months, tabes

Page 84:

Arnott, Catherine: died 7 June 1871, age 84, bronchitis

Wall[s], (no first name given): died 27 June 1871, age 11 days, [trimus] nascentium
Holland, Mary Ann: died 29 June 1871, age 7, worm fever
Chambers, Richard: died 31 August 1871, age 42, excessive drinking
Burrows, Annie: died 19 September 1871, age 1 year 4 months, diarrhea
[Massey], infant child of C.A. [Massey]: died 17 October 1871, age 14 hours, hemorrhage

Page 85:

O'Neill, Alma Josephine M.: died 21 January 1871, age 13 months, dentitions
Fortune, Mary Jane: died 25 January 1871, age 78, pneumonia
Bellamy, Elizabeth: died 31 January 1871, age 52, erysipelas
Stephenson, Janet Todd: died 28 January 1871, age 60, dysentery
Covert, Ellen: died 30 January 1871, age 47, fatty enlargement of the liver
Cumming, George: died 16 February 1871, age 3 years 2 months, inflammation of lungs

Page 86:

Dewar, Charles F.: died 7 February 1871, age 18 months, scarlet fever
Benson, Mary Edith: died 13 December 1870, age 29, child birth
Benson, Edith Helen: died 17 December 1870, age 9 days, inflammation of bowels
Hales, Mary Jane: died 13 March 1871, age 20, pelvic cellulitis
Lang, (first name not given - female): died 26 February 1871, age 73, bronchitis
Morehead, Isabella: died 16 March 1871, age 35, consumption

Page 87:

Read, Lillian Frances: died 20 March 1871, age 2 years 7 months, worm fever
Edsall, Samuel: died 17 May 1871, age 49, serous apoplexy
McCaw, Caroline: died 18 June 1871, age 3 years 10 months, measles
Whitehead, Frances: died 10 August 1871, age 3 months, [meningitis]
Newcombe, Philocha A.: died 28 August 1871, age 12 days, convulsions
Sanders, Simon E.: died 17 October 1871, age 22 consumption

Page 88:

Craick, James Donald: died 1 November 1871, age 2 years 2 months, diphtheria
Sanders, Sarah Vonton: died 9 October 1871, age 19 years 3 months, consumption
Kelly, James: died 20 January 1871, age 70, old age
Nerchimer [or Nerkimer], Lena: died 12 January 1871, age 26, consumption
Beamish, George: died 6 March 1871, age 6 days, (cause of death not given)
Kennedy, James Joseph: died 28 August 1870, age 9 months, bowel complaint

Page 89:

Snider, Hannah: died 28 March 1871, age 38, child birth
O'Reilly, Patrick: died 1 April 1871, age 88, old age
Kemp, Calerto Jane: died 21 March 1871, age 27, fever after confinement
Kemp, Charles: died 23 March 1871, age 7 days, (cause of death not given)
Curtis, Caroline: died 11 April 1871, age 29, [plurabel] fever
Thurston, Sarah Adelaide: died 17 April 1871, age 11, consumption

Page 90:

Dingman, Lloyd: died 2 May 1871, age 3 months, inflammation of the lungs
Craig, Mary: died 22 October 1870, age 8, (cause of death not given)
Curtis, Caroline E.: died 2 June 1871, age 2 months, inflammation of the bowels
Sweet, James Arthur: died 18 May 1871, age 1 month, inflammation
Kemp, Steelman Augustus: died 27 May 1871, age 3, dropsy
Cummings, Lucinda: died 9 July 1871, age 75, cancer

Page 91:

Gibson, Ellen: died 27 August 1871, age 18, heart disease
Sullivan, Cornelius: died 17 March 1871, age 28, consumption
Sullivan, Timothy: died 22 February 1871, age 11, diarrhea
Sullivan, Cornelius: died 17 March 1871, age 32, consumption
Ness, George E.: died 31 October 1871, age 15 years 4 months, consumption
Geron, [Dorcus] Young: died 11 November 1871, age 42, miscarriage of birth

Page 92:

Stone, Nathan: died 1 November 1871, age 76, old age
McKnight, Catherine: died 18 November 1871, age 57, heart disease
Elliott, James: died 18 November 1871, age 81, paralytic stroke
Vollicks, Margaret Emily: died 24 October 1871, age 11 months, inflammation on the brain
Poug [or Pong], Catherine: died 30 November 1871, age 32, confinement
Holmes, Syllenda: died 22 November 1871, age 11 days, water on the brain

Page 93:

[Werrman], Janet Amelia: died 3 February 1871, age 10 months 9 days, inflammation of the lungs
Clark, Alexander: died 5 February [1871], age 73, throat disease
Milton, William H.: died 2 May 1871, age 1 year 8 months, teething
Jacobs, Alfred Norris: died 28 September 1871, age 7 weeks, inflammation of the lungs
Dunk, Eliza: died 24 September 1871, age 14 months 22 days, diarrhea

Page 94:

Barker, Lizzie Naomi: died 1 January 1872, age 3 months 3 days, convulsion fit
Pratt, George: died 17 December 1871, age 66, inflammation
Phinamore, Jane Baron: died 18 October 1871, age 4, croup
Higgins, Frederick Jas: died 10 March 1872, age 6 years 8 months, scarlet fever
Carr, Hatty: died 27 March 1872, age 15 years 5 months, inflammation of bowels
Vivian, Gerald, died 26 March 1872, age 13 months, whooping cough

Page 95:

Coles, Thomas: died 8 April 1872, age 65, inflammation of lungs
King, Sarah: died 27 April 1872, age 80, inflammation of the lungs
Farmer, Elizabeth A.: died 13 April 1872, age 25, consumption
Sorsoled, John Wm.: died 20 May 1872, age 10 weeks, whooping cough

Fowler, Robert Jno.: died 27 November 1872, age 16 years 7 months, erysipelas
Guillett, John: died 27 May 1872, age 69, consumption

Page 96:

Waldie, Euphemia: died 8 June 1872, age 15, spinal disease from a hurt when a child
Minaker, Ida: died 1 August 1872, age 6 weeks, dysentery
Cunningham, John Jos.: died 11 August 1872, age 3 months, diarrhea
Rowe, Percy: died 27 August 1872, age 1 year 4 months, diarrhea
Waldie, John: died 13 August 1872, age infant, bowel complaint
Crozier, Robert: died 29 August 1872, age 2 months, bowel complaint

Page 97:

Vout [or Vont], Caroline: died 4 October 1872, age 21, disease of kidney
Jube, Phoebe: died 16 October 1872, age 82, old age
Grieve, Isabella: died 10 December 1872, age 50, bronchitis
Goodfellow, John: died 11 December 1871, age 21, typhoid fever
Palmer, Jacob: died 18 December 1871, age 7, exposure to cold after diphtheria
Palmer, Fanny: died 20 December 1871, age 11, diphtheria followed by inflammation

Page 98:

Langstaff, George: died 26 December 1871, age 5, diphtheria
Henwood, Charles: died 3 July 1871, age 75, rupture
Henwood, Elizabeth: died 8 January 1872, age 70, inflammation of lungs
Mason, Edward: died 19 February 1872, age 40, typhoid pneumonia
McMullin, Margaret: died 4 February 1872, age 37, puerperal peritonitis
"not named" - female: died 7 March 1872, age 2 days, debility

Page 99:

Owens, Sarah Ann: died 3 March 1872, age 43, puerperal peritonitis
Henry, Andrew: died 12 May 1872, age 45, apoplexy - died in a fit within 5 minutes
Cole, Matilda: died 21 May 1872, age 1 1/2, convulsions
Gist, infant of Henry Gist - female: died 1 June 1872, age 1 day, convulsions (infantile)
Bickle, Mary E.: died 29 August 1872, age 1 month 23 days, diarrhea
Mills, Elsie M.: died 5 November 1872, age 1 month 8 days, debility

Page 100:

Leith, Isabella: died 13 August [1872], age 74, general [arasarca]
Patterson, Janet: died 10 November 1872, age 65, disease of the stomach
Bond, Mary A.: died 9 August 1872, age 26, consumption
Peters, Frederick: died 8 June 1872, age 17, inflammation of bowels
Hill, Mary Erwin: died 23 March 1872, age 21, consumption
Glass, Samuel Geo.: died 14 April 1872, age 9 years 2 months, scarlet fever

Page 101:

Patterson, Barbara: died 19 April 1872, age 7 years 10 months, scarlet fever
Graham, Eleanor C.: died 1 February 1872, age 3 months, jaundice

Brown, Eleanor A.: died 4 March 1872, age 3 years 3 months, croup
Henry, Margaret: died 15 May 1872, age 30 years 6 months, general debility
Thornton, Frances: died 15 May 1872, age 87, old age
Berryman, Dorothy: died 19 October 1872, age 84, bronchitis

Page 102:

Dukelin, Lucretia: died 23 October 1872, age 92, old age
Hill, James Earnest: died 3 October 1872, age 15, dysentery
Underdown, Wm. Jno.: died 23 March 1872, age 20 days, disease of the head
Proctor, Elizabeth: died 25 March 1872, age 74, apoplexy
Webb, Wm. W.: died 15 December 1872, age 14, inflammation of the lungs
Moss, John: died 27 February 1872, age 18, retrocession of measles

Page 103:

Jerome, Luella Ann: died 3 August 1872, age 6 months 1 day, diarrhea
Zufelt, Alpheus: died 17 September 1872, age 3 years 5 months 13 days, diarrhea
Keeler, Catherine: died 9 April 1872, age 73, inflammation of the lungs
Lundy, Robert P.: died 18 April 1872, age 27, small pox
Mason, Ethelbert J.: died 15 July 1872, age 10 years 7 months, inflammation of bowels
Wilson, Emellia: died 19 August 1872, age 25, consumption

Page 104:

Newcomb, Hannah M.: died 25 September 1872, age 32 years 3 months, consumption
Newcomb, Ann: died 2 October 1872, age 78, disease of the heart
Lapp, Wilfred: died 13 November 1872, age 2 months 28 days, whooping cough
Hutchison, Noah: died 27 April 1872, age 66, disease of the heart
Newson, Charles: died 13 November 1872, age 42, typhoid fever
Jones, James Abbot: died 15 November 1872, age 35, typhoid fever

Page 105:

Warner, Francis: died 8 November 1872, age 73, dyspepsia
Moore, Wm. Thos.: died 18 February 1872, age 2 years 9 months 4 days, measles
Smith, Isabella: died 24 December 1872, age 82, old age
Pettibone, Charlotte E.: died 19 October 1872, age 24 years 4 months, inflammatory fever
Strong, James Monroe: died 16 September 1872, age 4 months 5 days, diarrhea
Hayes, Thomas: died 22 January 1872, age 71, dropsy

Page 106:

Daly, Catherine: died 28 January 1872, age 55, consumption
Massey, Lucena: died 3 March 1872, age 68, heart disease
(no name given): died 23 January 1872, age 5 hours, premature birth
McNaughton, Dugald: died 30 March 1872, age 30, phthisis
Hunter, Andrew H.: died 4 April 1872, age 52, erysipelas
White, Jemima: died 17 April 1872, age 54, heart disease

Page 107:

McKean, Mary: died 4 May 1872, age 86, old age & rheumatism
William (no other name given - male): (death date not given but registered on 11 May 1872), (age not given), infant, inflammation of the brain
Brown, Eliza D.: died 11 June 1872, age 28 years 11 months 11 days, inflammation after confinement
Brown, Charles: died 12 June 1872, age 2 days, inflammation
Crosseu, Robert: died 17 July 1872, age 72, chronic [prostitis]
McDonagh, Katie: died 30 September 1872, age 2 years 5 months, [cerebric] spinal meningitis

Page 108:

Potts, (no first name given - male): died 4 October 1872, age 2 months, tabes
Hazzard, William H.: died 25 August 1872, age 1 year 9 months, fits
Wilmot, Julia Ann: died 29 August 1872, age 2 weeks 4 days, tabes mesenterica
Harnden, Pliny: died 7 November 1872, age 79, [asthoid]
Atkinson, Thomas: died 28 November 1872, age 15, injury to shoulder joint
Miller, Samuel: died 31 May 1872, age 30, hemorrhage in the bowels

Page 109:

Delaney, Mrs.: died 19 November 1871, age 45, intoxicating drink
Carnall, Geo. Wallace: died 8 March 1872, age 1 year 3 days, measles
Moss, John E.: died 3 March 1872, age 20 years 8 months, measles
Bennett, Norman: died 10 April 1872, age 53, heart disease
Ford, Lucy: died 16 April 1872, age 82, valvular disease of the heart
Dickens, Chas.: died 12 May 1872, age 10 months, hydrocephalus

Page 110:

Smith, Mary: died 21 June 1872, age 69, ulceration of lungs
Ford, Gilbert: died 14 August 1872, age 83, old age
Beckam, Adam: died 12 October 1872, age 81, enteritis
Sim, Emma: died 29 November 1872, age 8, typhoid fever
Scott, Reuben: died 9 December 1872, age 82, inflammation of lungs
Bailey, Maria E.: died 18 November 1872, age 4 weeks 1 day, congestion of the lungs

Page 111:

Hooey, Edward: died 15 March 1872, age 27, pleura pneumonia
Widdess, Robert: died 21 April 1872, age 77, cancer
Allin, Robert: died 28 May 1872, age 8, alcoholic poison
Taylor, Mary Jane: died 9 July 1872, age 20, consumption
Morris, Levi: died 9 August 1872, age 18 months, cholera infantine
Bartly, Albert: died 16 August 1872, age 15 months, cholera infantine

Page 112:

Venning, Robert Jas.: died 19 September 1872, age 2 years 6 months, cholera infantine
Demara, Ephraim: died 27 September 1872, age 59, erysipelas
Thompson, John: died 29 September 1872, age 81, obstruction of bowels

Johnston, Andrew: died 11 December 1872, age 19, abscess of lungs
Hooey, Samuel: died 24 July 1872, age 15, paralysis
Taylor, Alonzo: died 4 February 1871, age 16, debility

Page 113:

Taylor, Lorenzo: died 26 February 1871, age 16, debility
Devenish, Mary Jane: died 3 October 1871, age 77, paralysis
Card, Nettie A.: died 5 March 1872, age 4 years 11 months, lung disease & dropsy
Johnson, Samuel C.: died 18 March 1872, age 74, old age
Ross, James C.: died 14 March 1872, age 2 years 4 months, inflammation of lungs
McCullogh, Robert J.: died 29 March 1872, age 7, scarlet fever

Page 114:

Wait, Addison: died 9 April 1872, age 4 years 9 months 6 days, scarlet fever
Kerr, Margaret: died 29 May 1872, age 68, (cause of death not given)
Wait, Mary: died 3 April 1872, age 87, old age
Bradley, Ruth: died 30 April 1872, age 66 kidney complaint
Barnes, John: died 1 March 1872, age 49, measles
Hopkins, Sarah Jane: died 20 June 1872, age 31, inflammation

Page 115:

Beatty, Margaret Ann: died 1 March 1872, age 8, accident - fell with an open knife in her hand & severed the jugular vein
Winter, George: died 9 July 1872, age 32, abscess
Smith, Ellen M.: died 17 May 1872, age 28, consumption
Beatty, Martha: died 12 September 1872, age 18 months, cholera infantine
Hoyt, Emma P.: died 17 September 1872, age 35, natural causes
Munro, David: died 17 September 1872, age 5 weeks 4 days, inflammation of bowels

Page 116:

Carruthers, Jane: died 11 October 1872, age 25 years 10 months, inflammation of pleura & kidneys
Eddy, Robert: died 23 January 1872, age 26, phthisis pulmonata
McCann, Margaret: died 29 April 1872, age 18 months, inflammation of bowels
Rochford, Ann Nora: died 5 February 1872, age 95, old age
McCullogh, James: died 29 March 1872, age 6 scarletina
Palen, Esther: died 1 April 1872, age 38, typhoid pneumonia

Page 117:

Kellog, James: died 19 September 1872, age 73, dysentery
Jones, James: died 15 November 1872, age 30, typhoid fever
Wait, Addie: died 25 March 1872, age 4, scarletina
Cook, Augusta: died 3 June 1872, age 12, scarletina
Oliver, James: died 14 August 1872, age 6, scarletina
White, Andrew: died 27 September 1872, age 86, inflammation of bowels

Page 118:

Gillard, James: died 25 November 1872, age 80, inflammation of chest
Burnet, William: died 15 April 1872, age 59, cancer
Moore, Amos: died 25 December 1872, age 69, erysipelas
Bar[], Kate: died 22 February 1872, age 20 years 10 months, consumption
McLean, John: died (no day given) November 1872, age 82, old age
Doherty, John: died 4 September 1872, age 50, injury on railway

Page 119:

Drumon, Barnabas: died (no day given) October 1872, age 32, an injury
Nutman, Margaret: died 25 February 1872, age 23 days, consumption
Kivell, Welthy A.: died 3 February 1872, age 44, congestive fever
Magafney, Mary A.: died 23 January 1872, age 16, remittent fever
Wood, Charles P.: died 6 February 1872, age 54, albuminuria
Ham, Thos. Marshall: died 14 March 1872, age 11 months, hydrocephalus

Page 120:

Donaldson, Robert Jno.: died 21 December 1872, age 8 months 21 days, inflammation of lungs
White, Joseph Ralph: died 21 May 1872, age 4 weeks, whooping cough
Chestnut, Sarah: died 24 May 1872, age 16 days, general debility
Sculthorp, James: died 7 June 1872, age 80, obstruction of bowels
Hunt, Joseph: died 19 June 1872, age 32, diseased liver & kidney
Cleghorn, Duncan: died 26 July 1872, age 48, hemorrhage in the brain

Page 121:

Burton, Francis Henry: died 28 July 1872, age 57, incompetency of mitral valves of the heart
Sainsbury, Margaret: died 13 August 1872, age 4 months, whooping cough & diarrhea
Dallas, James: died 9 June 1872, age 75, serous apoplexy
Nutman, Rachel: died 14 May 1872, age 33, abscess of the thigh
[Boundy], Mary: died 14 August 1872, age 28, [cerebritis]
Leonard, John H.: died 14 March 1872, age 2 years 6 months, pneumonia

Page 122:

Yeo, Wm. Frederick: died 17 July 1872, age 20 months, cholera infantine
Miller, Marion: died 11 December 1872, age 25, consumption
McVitty, Olive Scott: died 15 September 1872, age 5 months, tabes mesenterica
Chisholm, James L.: died 30 June 1872, age 17, heart disease followed by dropsy
Howard, John B.: died 7 December 1872, age 24, dropsy
White, Jane: died 17 December 1872, age 21, consumption ending in pulmonary hemorrhage

Page 123:

Power, William C.: died 9 January 1872, age 26, consumption
Costello, Robert: died 25 February 1872, age 73, inflammation of lungs
Stephens, W. Hester: died 24 May 1872, age 5 months, inflammation
Munson, Amanda: died 2 June 1872, age 47, fits

Wight, Ann: died 6 June 1872, age 52, consumption
Arnott, Eliza: died 1 July 1872, age 27, puerperal peritonitis

Page 124:

Washington, Edwin: died 2 July 1872, age 25, meningitis from injury
Brown, L.D.: died 4 September 1872, age 46, intemperance
Gray, Jane: died 5 September 1872, age 14, consumption
Graham, Mary M.: died 9 August 1872, age 9 months, brain fever
Power, Winnie Ann: died 15 September 1872, age 52, liver complaint
Cornish, Frederick Jno.: died 26 September 1872, age 3 months, dysentery

Page 125:

Pollock, Robert: died 26 October 1872, age 13 months, inflammation
English, Sarah: died 30 October 1872, age 72, asthma
Brimacombe, James: died 21 November 1872, age 30, kick by a horse
Pitchforth, Joseph: died 9 December 1872, age 50, dropsy
Childs, Thomas: died 20 December 1872, age 58, dropsy
Pollard, Hannah: died 23 December 1872, age 29, dropsy

Page 126:

Renwick, Jane: died 24 December 1872, age 49, decline
Greenaway, Mary Ann: died 11 January 1872, age 52, liver complaint
Edwoods, William: died 28 January 1872, age 27, consumption
Christie, Eliz. J.E.: died 7 February 1872, age 3, croup
Hambly (no other name given - no sex given): died 9 February 1872, age 1 week, decline
Franklin, Elizabeth: died 11 February 1872, age 45, consumption

Page 127:

Louch, Nina Mabel: died 13 February 1872, age 7 months, remittent fever
Reed, Hattie: died 15 February 1872, age 30, consumption
Foster, Eliz. Jane: died 20 February 1872, age 6 months, teething
Wolsey, Sarah Jane: died 7 March 1872, age 36, uremia
Hambly, Grace: died 31 March, 1872, age 40, disease of throat
Strowger (no first name given - male): died 1 April 1872, age 5 days, (cause of death "not known")

Page 128:

Laughlin (no first name given - female): died 9 April, 1872, age infant, (cause of death "not known")
Neads, Eliza: died 16 April 1872, age 36, consumption
Hooper, Fanny: died 18 April 1872, age 21, consumption
Kivell, Eliz. Ann: died 26 April 1872, age 21, consumption
Dorch, Thos. Campbell: died 29 April 1872, age 3 weeks, inflammation of lungs
Foster, Richard: died 29 April 1872, age 66, accident

Page129:

Perkins, Fred. John: died 21 May 1872, age 5 months, whooping cough
Crawford, T.H.: died 19 May 1872, age 42, [epithelioma]
George, Thomas: died 8 June 1872, age 76, pleurisy
Foster, Thomas: died 21 June 1872, age 5, liver complaint
Russell, (no first name given - female): died 22 June 1872, age 5 months, concussion of brain
Louch, Minerva: died 25 June 1872, age 17, consumption

Page 130:

Moses, Frank: died 18 July 1872, age 25, consumption
Arnold, Eliza: died 1 July 1872, age 27, puerperal peritonitis
Washington, Edwin: died 2 July 1872, age 25, accident
Fletcher, John: died 26 July 1872, age 75, rheumatism
Porter, Thomas: died 29 July 1872, age 98, old age
Tod, Jessie: died 13 August 1872, age 5 months, fever infantile

Page 131:

Shaw, Jane Eliz: died 18 August 1872, age 2 years 4 months, dysentery
Hutchison, Eleanor: died 19 August 1872, age 72, general debility
Outram, Eva: died 25 August 1872, age 8 months, dysentery
Hambly, Edmund: died 29 August 1872, age 46, accident
Grant, (no other name given - female): died 3 September 1872, age 48, paralysis
Ducois, Henry Alexr.: died 10 September 1872, age 6 months, dysentery

Page 132:

Mason, (no other name given - male): died 5 September 1872, age 2 months, thrush
Walsh, James W.: died 6 September 1872, age 76, dysentery
Hainey, Ann Jane: died 17 September 1872, age 23, typhoid fever
Boyle, Ethel: died 24 September 1872, age infant, dysentery
Yellowlees, Johanna: died 30 September 1872, age 72, old age
McMurtry, Arthur Wm. E.: died 10 October 1872, age 4 months, dysentery

Page 133:

Beer, Elizabeth: died 18 October 1872, age 81, old age
Souch, Ellen Mabel: died 21 October 1872, age 1 week, canker
McIntyre, Robert: died 31 October 1872, age 44, albuminuria
Noble, Julia: died 29 November 1872, age 52, dropsy
Helson, Richard: died 29 November 1872, age 37, water on brain
Pierce, John: died 15 December 1872, age 84, old age

Page 134:

Mitchell, Harriet: died 16 December 1872, age 69, paralysis
Hooley, Mary Jane: died 25 December 1872, age 29, dropsy
Beau, Harry H.: died 29 December 1872, age 3 weeks, water on brain
Fee, William Henry: died 17 January 1872, age 8, inflammatory rheumatism

Staples, Jane: died 20 January 1872, age 39, premature confinement
Woods, Joseph: died 18 January 1872, age 40, typhoid fever

Page 135:

Ward, Eleanor Honora: died 1 February 1872, age 53, asthma
Holmes, Amelia: died 27 January 1872, age 11 months, pneumonia
Morrow, Martha: died 30 April 1872, age 39, inflammation of bowels
Windrim, Jane: died 14 April 1872, age 30, inflammation of womb
Madool, Thomas: died 11 May 1872, age 24, typhoid fever
Staples, Jane: died 7 April 1872, age 10, scarlet fever

Page 136:

Staples, James: died 15 April 1872, age 12, scarlet fever
Staples, Thomas Eyres: died 20 February 1872, age 40, inflammation of bowels
Brown, Eleanor: died 13 September 1871, age 63, cancer of uterus
Howden, Richard: died 18 March 1872, age 78, congestion of lungs
Jenney, Solomon: died 28 September 1871, age 77, enlarged liver
Grandy, Mary: died 28 January 1871, age 40, small pox

Page 137:

Mitchell, John: died 1 September 1872, age 98, decay of nature
Stinson, Jane: died 6 August 1872, age 33, diabetes mellitus
Flack, Edith Ann Clementine: died 12 September 1872, age 10 months 21 days, diarrhea
Graham, Elizabeth: died 30 December 1871, age 21, consumption
Graham, Margaret: died 3 June 1872, age 18, consumption
Hunter, William: died 17 June 1872, age 62, congestion of liver

Page 138:

Howe, James: died 27 May 1872, age 74, decay of nature
Leach, James: died 9 August 1872, age 45, cancer of stomach & liver complaint
Foster, Thomas: died 19 June 1872, age 60, piles
Wilson, Eliza Jane: died 17 August 1872, age 31, dropsy
Wilson, Sarah Jane: died 19 August 1872, age 10 weeks, diarrhea
Brown, John: died 16 November 1872, age 80, heart disease

Page 139:

Shea, John: died 21 December 1872, age 24, consumption
Cowden, James: died 26 November 1872, age 50, strangulated inguinal hernia
Gamble, John George: died 1 June 1872, age 1 year 8 months, intra-cranial abscess (right side)
Lockland, Norris W.: died 4 February 1872, age 2, measles
Cle[], Chas. J.R.: died 10 February 1872, age 1 year 6 months, woms
Osterhowt, Minnie: died 21 January 1871, age 5, scarlet fever

Page 140:

Davy, William H.: died 18 January 1872, age 19, diabetes
Henesy, Jacob: died 19 August 1871, age 1, diarrhea

McColl, John: died 24 January 1872, age 6 months 12 days, water on brain
Borland, Mary: died 2 April 1872, age 28, consumption
Stoneburgh, Sarah Matilda: died 6 April 1872, age 14, consumption
Mastell, Mary: died (no day given) April 1872, age 28, consumption

Page 141:

McPherson, Margaret: died 24 April 1872, age 66, inflammation
Perry, Miriam: died 25 March 1872, age 13 months, canker mouth
Brown, Wilmot A.: died 4 March 1872, age 16, inflammation of lungs
Garratt, Dorcas: died 18 April 1872, age 83, erysipelas
Sharp, Franklin: died 17 March 1872, age 3 months, child disease
Sharp, Alice V.: died 28 April 1872, age 4, water on brain

Page 142:

Pettet, Jane: died 14 March 1872, age 52, tumor in stomach
Cooney, Eliza Ann: died 17 May 1872, age 37 years 4 months 17 days, confinement
Sharp, Rebecca A: died 12 June 1872, age 43, inflammation
Ireland, Charlotte A.: died 21 June 1872, age 13 years 4 months 8 days, consumption
McAuly, David: died 8 April 1872, age 14, inflammation of lungs
Fox, Jane: died 6 October 1871, age 61, thrown out of a buggy

Page 143:

Hutchinson, (no first name given - male): died 9 July 1872, age 3 months, inflammation of lungs
Davison, Lewis: died 10 July 1872, age 4, [typho] malarial fever
Osterhout, George: died 3 August 1872, age 4 months, inflammation
Weaver, Marson B.: died 10 August 1872, age 3 months, whooping cough
Dawe, John: died 28 June 1872, age 30 consumption
Hess, Deborah: died 14 June 1872, age 37, cold after confinement

Page 144:

Dewey, Flora E.: died 10 September 1872, age 2, summer complaint & fever
Sharp, Louisa B.: died 27 July 1872, age 2, summer complaint
Sharp, Ann: died 1 July 1872, age 35, consumption
Rogers, Marian: died 25 July 1872, age 4, measles
Robinson, William: died 19 September 1872, age 90 years 6 months, old age
Fox, Susan E.: died 1 October 1872, age 10, typhoid fever

Page 145:

Cross, William: died 16 August 1872, age 68, complication of disease & fever
Cross, Mary: died 10 September 1872, age 42, fever
Parks, S.: died 14 September 1872, age 1 year 3 days, summer complaint
Fitzgerald, May E.: died 14 September 1872, age 3 years 19 days, summer complaint
Bell, May A.: died 23 June 1872, age 2 months, summer complaint
Long, William: died 18 September 1872, age 2, summer complaint

Page 146:

Long, Christianna: died 29 September 1872, age 4, summer complaint
Wessles, Amanda: died 22 August 1872, age 11 months, inflammation
Wessles, George: died 21 August 1872, age 3 years 3 months, inflammation
Preston, Diadema: died 22 August 1872, age 68, erysipelas
Bell, Henry R.: died 29 September 1872, age 5, inflammation
Murray, Hugh Jr.: died 16 December 1872, age 25, consumption

Page 147:

Huff, Mary M.: died 1 February 1872, age 102, old age
Austin, James B.: died (no day given) April 1872, age 52, apoplexy
Wilson, Matthew: died 19 January 1872, age 60, tumor on liver
Riddell, Walter: died 24 January 1872, age 82, gangrene
Newell, William: (no death date given but registered on 3 February 1872), age 79, bodily weakness
Bateman, Mary Ann: died 24 February 1872, age 51, found dead in bed

Page 148:

Rutherford, Rachel: died 6 March 1872, age 73, mild typhoid
Bradshaw, Rachel: died 23 March 1872, age 13, inflammation of lungs
Boner, Margaret: died 23 March 1872, age 74, decay of nature
Rutherford, Ann: died 15 June 1872, age 28, pyaemia
Rutherford, Mary Adelaide: died 22 August 1872, age 3, convulsions
(no name given): died 26 September 1872, age 14 months, cold after measles

Page 149:

Porter, Isabella: died 28 September 1872, age 42, tumor on knee joint
Massie, Isabella: died 14 March 1872, age 3 days, inflammation of kidneys
Bateson, Martha J.: died 12 May 1872, age 7 years 7 months 12 days, water on brain
Wilson, Alex'r. Stuart: died 2 April 1872, age 2 years 8 months, consumption
Stephens, Wm. Earnest: died 27 June 1872, age 10 weeks, inflammation of kidneys
Flynn, John: died 9 September 1872, age 6 months, diarrhea

Page 150:

Taylor, John: died 21 March 1872, age 83, old age
Baker, Ores Sephina: (death date not given, but registered on 23 April 1872), age 4, inflammation
Ferguson, Rachel: died 12 April 1872, age 30, inflammation
Sackville, Agnes: died 26 April 1872, age 23, bilious fever
Hutchison, William: died 27 April 1872, age 27, drowned in Rice Lake
Parker, Phoebe: died 4 June 1872, age 72, paralysis

Page 151:

Hawkin, John: died 19 July 1872, age 77, gradually sinking
Jamieson, Margaret: died 1 August 1872, age 71, dropsy
Wilson, Agnes Dixon: died 24 August 1872, age 65, inflammation

Davidson, Elizabeth: died 1 May 1872, age 80, old age
Wood, Mary Jane: died 28 September 1872, age 40, child birth
Dean, Mary Jane: died 7 July 1872, age 27, heart disease

Page 152:

Wade, Amy Augusta Cecilia: died 16 September 1872, age 1 year 4 months 5 days, (cause of death not given)

Perkin, Philip Hutchings: died 8 October 1872, age 14 years 9 months, congestion of brain

Maybee, Margaret: died 27 October 1872, age 37, uterine hemorrhage inflammation

Maybee, Sarah: (death date not given, but registered 17 January 1873), age 18, gastric fever

Hurd, Phillipa: died 18 December 1872, age 57, fits - sudden death

Jones, Robert: died 16 July 1872, age 26, morbus [coxarions]

Page 153:

Swift, Thomas: died 19 February 1872, age 59, consumption

Waddell, Ann: died 11 December 1872, age 17, consumption

Ferguson, Alex'r.: died 12 November 1872, age 70, heart disease - instant

Milligan, Jessie: died 17 November 1872, age 42, consumption

Cook, John: died 23 November 1872, age 50, consumption

Fisher, Henry: died 12 April 1872, age 83, inflammation of bladder

Page 154:

Perkin, Samuel Walter: died 9 December 1872, age 15 years 5 months, inflammation of bowels

Letamore, Jane: died 4 July 1872, age 44, consumption

Terry, William: died 13 February 1872, age 58, inflammation of lungs

Suttle, Sarah Jane: died 5 March 1872, age 26, typhoid fever

Woods, George: died 11 December 1872, age 6, measles

Angus, John: died 29 January 1872, age 39, inflammation of bowels

Page 155:

Haynes, Edward: died 1 November 1871, age 3 months, canker

Covert, Wallace: died 11 February 1872, age 1 year 10 months, inflammation of lungs

Wilson, Elizabeth: died 31 January 1872, age 44, inflammatory rheumatism

Brewster, Margaret: died 10 February 1872, age 48, consumption

Carey, Margaret: died 30 March 1872, age 46, consumption

Parks, Jane: died 17 April 1872, age 70, old age & dropsy

Page 156:

Hermerton, Agnes: died 22 May 1872, age 40, rheumatism

Blair, Isaac Stanton: died 20 April 1872, age 73, kidney complaint

Rorke, Ellen: died 20 April 1872, age 32, cancer

Aherron, Thomas: died 11 March 1872, age 67, consumption

Monohan, James: died 11 March 1872, age 16, small pox

Monohan, Patrick: died 30 May 1872, age 76, asthma or consumption

Page 157:

Reid, Alfred: died 6 June 1872, age 3, consumption
Clary, Ellen: died 18 May 1872, age 8, diphtheria
Cummings, David: died 20 August 1872, age 84, gangrene
Gallevau, Ellen: died 27 June 1872, age 37, child birth
Coperthwaite, Louisa Jane: died 6 September 1872, age 14 months, bowel complaint
Hubbs, Benj.: died 1 September 1872, age 4 months, diphtheria

Page 158:

Gormon, James: died 2 October 1872, age 46, dropsy
Kennedy, Matthew, died 13 November 1872, age 69, dyspepsia
Covert, George F.: died 17 July 1872, age 2 months 24 days, water on brain & bowel complaint
Trembolly, Benj. P.: died 27 September 1872, age 7, diphtheria
Johnston, Mary Jane: died 5 January 1872, age 36, consumption
"Unnamed Infant" (child of W. Wallace): died 17 February 1872, age 17 days, erysipelas

Page 159:

Hawry, Alexander: died 11 February 1872, age 49, general dropsy
Keown, John: died 22 February 1872, age 58, erysipelas
Baptie, Helen: died 26 February 1872, age 57, [uraeric] convulsions
Taylor, William: died 27 March 1872, age 52, fatty degeneration of the heart with endocarditis
Kerr, Margaret E.: died 4 May 1872, age 38, phthisis pulmonatis induced by diabetes mellitus
McLean, John Lewis: died 6 June 1872, age 14, empyema [empyema]

Page 160:

Copeland, Wm. Mitchell: died 2 July 1872, age 1 ½ years, disease of the spine
Russell, Geo. Fred.: died 25 July 1872, age 1 year 8 months, measles & dysentery
"Unnamed Infant" (child of Chas. Crummy): died 5 August 1872, age 20, erysipelas
Fallis, Elizabeth: died 4 August 1872, age 89, dysentery
McMahon, Joseph: died 23 August 1872, age 5 weeks, enteritis
Owens, Mrs (first name not given): died 11 August 1872, age 39, pericarditis inducing debility through lack of necessaries of life

Page 161:

Johnston, Agnes Ann: died 6 September 1872, age 21, phthisis pulmonatis
King, Walter: died 6 March 1872: age 80, natural causes
Walsh, Wm. Herbert: died 7 April 1872, age 2, congestion of brain
Patterson, William: died 9 June 1872, age 45, congestion of brain
Coyle, Ruth: died 19 June [1872], age 70, old age & infirmity
Redpath, George: died 26 January 1873, age 54, erysipelas

Page 162:

Smith, Mary Ann: died 5 February 1873, age 53, enlargement of thyroid gland & asthma
[Bourn], Charles: died 12 February 1873, age 59, cancer in stomach
Merrimam, Joseph Abraham: died 28 August 1873, (child - age not given), (cause of death not given)

Woods, John: died 13 April 1873, age 48, peritonitis pneumonia
Bray, Emmanuel: died 19 March 1873, age 20 days, (cause of death not given)
McCrayne, Charles: died 7 March 1873, age 46, phthisis

Page 163:

Hardy, Catherine: died 9 February 1873, age 35, albuminuria
Wood, Isabella: died 20 April 1873, age 3 weeks 4 days, (cause of death not given)
Gillespie, Peter: died 6 February 1873, age 36, killed by machinery instantly
Johnston, Christina M.: died 14 February 1873, age 73, asthma & congestion of the lungs
Clark, Sarah: died 25 February 1873, age 87, old age
McMurray, Jane: died 16 April 1873, age 71, inflammation of bowels

Page 164:

Phillips, George: died 9 May 1873, age 21, inflammation of lungs
Clark, Stephen: died 16 May 1873, age 51, phthisis
Runnalls, John: died 10 January 1873, age 67, paralytic stroke
Card, Florin Angeline: died 26 May 1873, age 4 years 6 months, consumption
McCull, Lucinda: died 26 May 1873, age 28, consumption
Bradley, Alice Jane: died 19 March 1873, age 2 years 3 months, whooping cough & convulsions

Page 165:

Wait, Catherine: died 13 June 1873, age 50, cancer
Latimer, Joseph: died 12 January 1873, age 45, erysipelas
Henry, Sara Jane: died 26 January 1873, age 19, consumption
Finney, Jane: died 29 January 1873, age 42, puerperal peritonitis
"still born child" - female: died 7 February 1873
Armstrong, Martha: died 10 June 1872, age 43, congestion of liver & inflammatory rheumatism

Page 166:

Neil, William: died 28 February 1873, age 46, typhoid pneumonia
Bain, Stephen: died 19 October 1872, age one day, premature birth
Stuart, Catherine: died 23 February 1873, age 38, dyspepsia
Whitelaw, John: died 20 April 1873, age 49, congestion of the lungs
Vosper, Jessy: died 4 March 1873, age 25, spinal complaint
Sorsoliel, Wm. Percy: died 19 May 1873, age 3 months, sick from birth

Page 167:

Mingay, Thomas: died 1 July 1873, age 9 months, bowel complaint
Spencer, Augustus: died 27 October 1872, age 65, diarrhea
Byrnes, Sarah: died 2 May 1873, age 33, dropsy
Torrens, Walter: died 21 January 1873, age 6, worm fever
Ellenor, Margaret S.: died 24 January 1873, age 7 months, whooping cough
O'Hara, Lena: died 16 February 1873, age 3, diphtheria

Page 168:

Small, Jane: died 25 February 1873, age 52, inflammation of bowels

Kilpatrick, James: died 6 March 1873, age 33, consumption
Low, Helena M.: died 24 March 1873, age 91, old age
Galbraith, Margaret: died 11 March 1873, age 28, phthisis pulmonatis
McArthur, Margaret: died 11 March 1873, age 81, senile decay
Pascoe, Wm. Cosier: died 19 March 1873, age 5 weeks, congestion of liver

Page 169:

Welsh, Elizabeth: died 17 April 1873, age 83, old age
Gilbert, William: died 17 April 1873, age 49, consumption
Rowe, Geraldine: died 18 April 1873, age 2, congestion of lungs
Porter, John: died 22 May 1873, age 28, cachexia
Wilmot, George Henry: died 12 June 1873, age 6 weeks, inflammation
Down, George: died 16 June 1873, age 24, consumption

Page 170:

Darch, Wm. Henry: died 19 June 1873, age 2 weeks, cause of death "unknown"
Adams, Thomas: died 2 January 1873, age 8, inflammation
Berry, (no first name given - male): died 14 January 1873, age 7 days, cause of death "unknown"
Johns, Alpheus John: died 10 January 1873, age 9, inflammation of brain
Rogers, Phoebe: died 27 August 1872, age 57, dropsy
Mitchell, George: died 7 March 1872, age 43, congestion of brain

Page 171:

Low, Thomas: died 23 January 1873, age 40, phthisis pulmonatis
Mitchell, Mrs. Jacob: died 24 January 1873, age 89, exhaustion
Parr, Samuel: died 12 January 1873, age 95, exhaustion
Gregory, John: died 10 January 1873, age 50, delirium tremens complicated with erysipelas
Wood, Lydia: died 22 February 1873, age 18, inflammation of viscera
Harvey, William: died 29 December 1872, age 26, pneumonia

Page 172:

Ashton, Nora A.: died 17 February 1873, age 17 phthisis pulmonatis
Darnes, Mrs. John: died 6 March 1873, age 32, puerperal metritis
Cann, Elizabeth Ann: died 24 March 1873, age 52, consumption
Ostler, Mary: died 3 April 1873, age 80, old age
Borland, Freddy: died 23 April 1873, age 6 months, water on brain
Martin, Clarissa: died 8 March 1873, age 29, disease of the heart

Page 173:

Rundle, William: died 1 June 1873, age 48, hypertrophy of liver
Ward, Elizabeth: died 1 June 1873, age 35, phthisis pulmonatis
Burk, Barbara: died 4 January 1873, age 58, consumption
Rundle, Janet Edith Mary: died 30 January 1873, age 4 days, cause of death "not stated"
Newton, John: died 23 January 1873, age 61, paralysis
Dawson, Eliza Ann: died 17 February 1873, (age not given - "hired girl"), general debility & liver enlarge

Page 174:

Babcock, Kurby: died 27 May 1873, age 36, phthisis

Gillespie, William: died 16 April 1873, age 2 months, pertussis

Sims, Margaret: died 19 June 1873, age 43, gastritis

Finney, Matilda: died 19 July 1873, age 40, peritonitis

Suther, Albert: died 21 July 1873, age 5 ½ months, influx of brain

"unknown": died 25 July 1872, age 12 days, exposure ("this child was left in a basket at the door of the Wesleyan Minister's House parents unknown taken by corporation & died result of exposure")

Page 175:

Jardine, (first name not given - female): died 25 July 1873, age 5 days, premature birth

Carson, Isaac: died 25 January 1873, (age not given), (cause of death not given)

Hoard, Benjamin: died 15 March [1873], age 2 days, fits

[Trumah], George: died 27 July [1873], age 66, heart disease

Cleugh, [or Clengh], Robert: died 25 June [1873], age 80, old age

Rannie, William: died 2 August [1873], age 86, gangrene

Page 176:

[Wennan], James Marsh: died 28 August [1873], age 1 month, croup

Axworth, William: died 11 January 1873, age 79, exposure to cold when under the influence of stimulants (found dead)

May, Mary Eliz.: died 25 February 1873, age 15 days, gastritis

Markey, John Nugent: died 1 April 1873, age 50, want & exposure (found dead)

Edgerton, John Ralph: died 9 April 1873, age 3, whooping cough

Down, Elizabeth: died 29 April 1873, age 41, inflammatory rheumatism

Page 177:

Smith, Simeon: died 26 February 1873, age 68, old age

Kennedy, Lucinda: died 11 March 1873, age 40, inflammation of womb after confinement

McPherson, Jane: died 22 February 1873, age 70, natural decay

Kells, William Henry: died 14 January 1873, age 53, [ur--]

Stinson, Isabella: died 31 May 1873, age 25, pulmonary phthisis

McLaughlin, Burton Hy.: died 6 January 1873, age 15, inflammation of bowels

Page 178:

[Clendennieu], James Sr.: died 27 August 1872, (age not given), paralysis

Haynes, Milden: died 14 April 1872, age 65, brain fever

Synon, Philip: died 6 December 1872, age 20, inflammation of bowels

Terry, Sophronia: died 1 February 1873, age 30, fever

Thorne, (first name not given - female): died 20 January 1873, (age not given), inflammation of lungs

Crumming, John: died 19 April 1873, age 66, (cause of death not given)

Page 179:

McKenzie, M.M. (male): died 1 June 1873, age 16 years 11 months 24 days, drowned

Sills, Elizabeth: died 11 December 1872, age 71, old age
Bull, Julia E.: died 3 February 1873, age 34, consumption
Bates, Nancy: died 15 April 1873, age 64, inflammation
Flindall, John F.: died 23 April [1873], age 25, consumption
Terry, Mary E[], died May 5 [1873], age 19, consumption

Page 180:

Pettet, Phoebe E.: died 20 May [1872] or [1873], age 29, typhoid fever
Ward, Patrick: died 5 October 1872, age 17, kicked by a horse
Wright, Alfred: died 14 May 1872, age 28, pulmonary consumption
Runnels, Mary: died 23 May 1872, age 31, puerperal peritonitis
Ferguson, Thomas: died 31 March 1873, age 18, apoplexy followed by mortification of the lower extremities
Henderson, Mary Isabella: died 20 February 1873, age 4 years 2 months, cerebro spinal meningitis following whooping cough

Page 181:

Williams, Mary Agnes: died 20 April 1873, age 20 years 9 months, (cause of death not given)
McKeown, Ada Lotta: died 30 March 1873, age 4 months 6 days, debility from birth
McKeown, Ida Lucy: died 30 March 1873, age 4 months 6 days, debility from birth
Lindsay, Duncan: died 15 May 1873, age 29, consumption
(no name given - female): died 29 July 1873, age 5 days, natural causes
Mitchell, Jane: died 7 August 1873, age 1 year 10 months, inflammation of bowels

Page 182:

Worr, William Alfred: died 25 August 1873, age 1 year, diarrhea
Lombear, (no first name given - female): died 14 January 1873, age 40, consumption
Simmons, Richard: died 3 August 1872, age 78, paralytic stroke
Hermeston, Wm. John: died 14 January 1873, age 7, inflammation
Rowe, Mary Tabitha: died 15 November 1872, age 6 months, whooping cough
Maidens, Ann: died 25 February 1873, age 75, dropsy

Page 183:

Humphries, Sophronia A.: died 13 October 1872, age 40, cancer
Lover, Sarah: died 8 March 1873, age 82, old age
Pardes, Matilda Jane: died 4 August 1872, age 23, consumption
Buckley, Julia: died 15 September 1872, age 9, diphtheria
Buckley, Michael: died 12 September 1872, age 2, diphtheria
Fry, Alice Ann: died 4 February 1873, age 4, typhoid fever

Page 184:

Blezard, Elizabeth: died 20 May 1872, age 48, consumption
Cornelius, Lucinda: died 16 December 1872, age 40, pleurisy
O'Reilly, Mary: died 18 December 1872, age 65, consumption
Williams, Catherine: died 6 April 1872, age 86, old age

Burney, Isabella: died 1 May 1873, age 75, old age
Platt, Isaac S.: died 16 April 1873, age 76, consumption

Page 185:

Bateman, George: died 21 February 1873, age 66, bronchitis
Kampson, Mary: died 11 May 1873, age 20, cystic degeneration of right kidney
Connell, John: died 11 May 1873, age 10, rheumatic fever with congestion of brain
Cuffe, Mary: died 15 August, age 51, consumption
Magill, John: died 28 December 1872, age 71, effects of alcohol etc.
Peel, John: died 14 January 1873, age 3 months, collapse

Page 186:

Porter, Robert: died 11 January 1873, age 58, frozen feet
Raper, Elizabeth: died 31 January 1873, age 40, disease of the heart
Reynolds, Mary Ann: died 31 October 1872, age 35, child birth
Maguire, Adam: died 26 January 1873, age 22, pulmonary consumption
Thompson, John: died 9 February 1873, age 81, decay of nature
Porteus, Mary: died 11 February 1873, age 50, erysipelas

Page 187:

Gray, Elizabeth E.: died 17 February 1873, age 4 weeks, inflammation of bowels
Campbell, Frances: died 26 January 1873, age 59, uterine tumor
Nugent, James: died 9 March 1873, age 23, consumption
Nugent, Elizabeth: died 5 August 1873, age 38, consumption pulmonary at child bed
Porteus, Thomas Henry: died 22 March 1873, age 3 months 5 days, tabes mesenterica
Cowden, James: died 26 November 1872, age 50, rupture

Page 188:

Steel, Robert Zachariah: died 31 March 1873, age 1 year 11 months, convulsions, cerebrospinal
Staples, Elizabeth: died 6 April 1873, age 80, bilious, remittent & pulmonary congestion
Johnston, March Alex'r.: died 5 March 1873, age 7, bilious, remittent fever
Robinson, Margaret: died 17 March 1873, age 23, bilious fever
Irvine, Andrew Goudy: died 28 March 1873, age 70, decay of nature
Mills, John: died 14 November 1872, age 21, accidental death by falling off windlass when descending a well causing instant death

Page 189:

Mainhood, John: died 4 May 1873, age 64, accidental death by gun shot wound
Maines, Hugh: died 30 May 1873, age 57, dyspepsia
Craig, William: died 18 June 1873, age 51, consumption
Cliffe, William: died 4 September 1873, age 84, dropsy & old age
